DESCRIPTION:

Storm Drain Pipe, Couplings, and Accessories - East Coast

PURPOSE:

To add specifications for an East Coast Storm Drain meeting the requirements of ASTM C-663. In most cases the machining dimensions of this pipe is such that existing couplings can be used.

The Fittings covered by this specification are Class III Fittings (2000D Load) only. Tees and Wyes are full or reduced one size. Storm Drain couplings shall be ordered from Riverside plant.
