

Discontinued Operations

In 2002, we announced plans to divest American Electric Components, Inc., Tekonsha Engineering Company, Theodore Bargman Company, the FTE brake and clutch actuation systems businesses and the majority of the Boston Weatherhead Division and the Engine Management businesses. In 2003, we announced plans to divest substantially all of our Automotive Aftermarket Group. By December 31, 2002, all of the planned divestitures announced in 2002 had been completed except for the Engine Management
