

Non-Asbestos Insulation

Pump Engineering - 40-3

Mr. Harry B. Gayley - TO-3

October 10, 1972

Confirming our telephone conversation, our Sales Dept. has received the attached telegram indicating that non-asbestos insulation material is a requirement of OSHA.

Please investigate alternate materials as this will probably be applicable to all of our equipment.

ALAN,

ATTACHED IS A COPY OF B. G. IVERSEN'S TLX OF
10-4-72 REGARDING USE OF NON-ASBESTOS INSULATION
ON THE REACTOR FEED PUMPS. MAY WE PLEASE HAVE
YOUR COMMENTS ^{AS} TO WHAT MATERIAL WE WOULD
PROPOSE TO USE IN LIEU OF ASBESTOS INSULATION
AT YOUR EARLIEST CONVENIENCE.

THANK YOU,
