A

Mr. F. J. McNally

F. J. Sergeys

New York

Baton Rouge

December 4, 1956

Attached for your file are photostated copies of our letter to Nichols Construction Company and their reply with regard to releasing our option on the BHC-Lindane Plant. The reply from Nichols indicates that they want to arrange a temporary rental agreement with Catalytic Construction, who will use the BHC storage building as a warehouse, after which time Nichols will arrange for the dismantling of this portion of the facility.
