Mr. Russell Brittingham, President
Pittsburgh Corning Corporation
One Gateway Center
Pittsburgh, Pennsylvania 15222

Dear Mr. Brittingham:

I assume you received a copy of Dr. Gross' letter of June 2, 1966, as well as the supplementary proposal which includes the study of both Amosite and Crocidolite (copy attached). I have the five pound sample of Amosite which I am holding until you have decided whether to support the study.

I have also attached a revised agreement with the support amounts being requested of Pittsburgh Corning shown in writing above the typed figure. If this appears acceptable, please so advise me; and, I will have the Foundation forward the revised agreement to you for execution.

Sincerely,

Lee B. Grant, M.D.
