Dear Mr. Bowes:

I am very pleased to acknowledge your letter of the 8th authorizing us to proceed with the experimental program of research upon the effect of X-Lo.

As soon as his work will permit Mr. Durkan will write Mr. Innes for an appointment to inspect the Berlin plant and at that time we can lay out a detailed program of procedure. I anticipate that he should come down some time around the first of the year.

Very truly yours,

Leroy U. Gardner, M. D.
Director
