Eden Avenue,
Cincinnati, Ohio.

Dear Dr. Kehoe:

Some time ago, I discussed with you the probabilities of your making a check-up on a number of our employees. We are quite anxious to have this done and would like to have you get with us in Dayton some time in the near future. Mr. Kohr, our President, is out of the city at the present time and may be away for another week. Would it be convenient for you to set a date for a meeting in Dayton some time during the week of March 17th?

Yours very truly,

THE LOWE BROTHERS COMPANY
