Philadelphia 20, Pennsylvania

Dear Dr. McGraw:

Dr. Pell and I enjoyed talking with you on Thursday and I think that you certainly have access to data that would be useful in assessing the long-term health effects of exposure to lead.

As I mentioned to you, I am trying to arrange an informal meeting of persons interested in the health study. The Houston AIHA meetings offer an opportunity for many of those interested to get together, and I hope to arrange this. I shall keep you informed of my progress.

Sincerely yours,
