Mr. W. K. Steele
P. O. Box 99
Spangle, Washington 99031

Dear Mr. Steele:

Thank you for your kind letter of June 23. We were very pleased that you took the time to write us.

About the same time the Chemical & Engineering News editorial appeared, another article on PCB was printed in Chemical Week. I thought you might be interested so I'm enclosing a reprint for your review.

Sincerely,

Edward V. John
Public Relations Manager
Organic Chemicals Division
