VS.	§	DALLAS COUNTY, TEXAS

**DEFENDANTS' RESPONSES TO
PLAINTIFFS' REQUESTS FOR ADMISSION**

TO: Plaintiffs Beatty Wynn Morgan and Shirley Ann Morgan, by and through their attorney of record, Peter K. Kraus/Kimberly A. Castles, Baron & Bud, P.C., 3102 Oak Lawn Ave., Suite 1100, Dallas, Texas 75219

Defendants Norfolk Southern Railway Company (NSRC) and Norfolk Southern Corp. (NSC), pursuant to Rules 169 of the Texas Rules of Civil Procedure, hereby serve their Responses to Plaintiffs' Requests for Admission as follows:

PRELIMINARY STATEMENT

The following responses are being provided after diligent investigation and inquiry by Defendant. However, because some of the evidence relating to the matters inquired about by Plaintiffs' Requests for Admission occurred more than fifty (50) years ago, the availability of persons involved and the existence of applicable documents has been limited.

As a result of the foregoing factors, many of the individuals who might have had personal knowledge of the matters to which Plaintiffs' Requests for Admission relate are deceased, retired, or are otherwise unavailable to NSRC, and investigations to date indicate that at least some documents which relate to matters inquired about by these requests may have been destroyed in keeping with normal corporate record retention policy. Accordingly, some responses are possibly incomplete. NSRC's investigation is continuing and should additional information surface, supplemental responses

will be submitted. The following is a part of and is incorporated by reference in every response provided hereinafter:

This response is accurate as of the date of the Answers of Defendant Norfolk Southern Railway Company to Plaintiffs' Requests for Admission. However, NSRC's investigation is continuing, and NSRC cannot exclude the possibility that it may be able to obtain more complete information or even information which indicates that the response being supplied is incorrect. NSRC objects to responding to this request in regard to any period of time other than the period during which it allegedly employed Plaintiff. NSRC objects to providing information about geographic locations and operating units within the system other than those at which and for whom Plaintiff worked. The basis for such objections are that any responses would be irrelevant to the subject matter of the pending litigation, would not be reasonably calculated to lead to the discovery of admissible evidence, and would be burdensome and oppressive to NSRC.

The responses that follow, unless otherwise apparent from the context, are limited to the specific period that NSRC allegedly employed Plaintiff; and to the area in and around the place where Plaintiff allegedly worked for NSRC.

NSRC would also state that the answers to these Requests for Admission are not complete since the Defendants have not been supplied with information regarding the Plaintiff's work history. Therefore, NSRC is unaware of the exact dates and locations in which the Plaintiff allegedly work for NSRC.

Finally, Defendant, Norfolk Southern Corporation objects to answering each and every request in this set of Requests for Admission due to the fact that the Plaintiff was never an employee of this Defendant and it was not in existence at the time of the Plaintiff's alleged employment. Effective June 1, 1982, Southern Railway Company and Norfolk and Western Railway Company became sister corporations and the stock of each became owned by the Norfolk Southern Corporation, a non-carrier holding company which has never operated a railroad. Each of the carriers continued to

operate as separate legal entities, a practice which continues to date. Southern Railway Company subsequently changed its name to Norfolk Southern Railway Company, but never employed the Plaintiff. Norfolk Southern Railway Company remains a separate distinct entity.
