Subject: Thanks for your time!

Ken,

Thanks again for your visit to Midland yesterday. As you can tell, we're all pretty proud of what we do and we're excited about the future. We'd love to have you visit our Freeport site as well as your schedule allows. I promise the barbeque will beat the turkey wraps you almost got to eat yesterday!

I'd also like to enlist your assistance with our flare enforcement as discussed yesterday. If there's anyone specific we should be calling on, please let me know. In the meantime, I also have an action for you to provide feedback on the Regional offices. Since I have several direct reports that interact with Regional offices on a routine basis, I will reach out to them for their thoughts. I'll send along a summary within a few days. As noted, we have the highest level of activity with Regions 5 and 6 due to the locations of our largest manufacturing sites, so I would expect that feedback to be more substantial than that for other Regions.

Again, thanks for your time yesterday.

Best regards,

Cathy Mapes
