Org. Development Dept. Aroclor- Insecticide Customers

Following is a list of customers known to be purchasing Aroclor for Insecticide use:

Apex Chemical Co., Apex, North Carolina, purchased 500 # Aroclor 5460 in 1954 for use as Wood Preservative-Anti-Blooming Agent.

Zep Mfg. Co., Atlanta, Georgia, purchased 375# Aroclor 5460 in 1954 for Anti-Bloom agent in penta formulations.

Monarch Supply Inc., Milwaukee, Wisconsin, purchased 4800# Aroclor 1262 thus far in '55 for use with Lindane.

Abash Insect Control, McAllen,Texas, purchased 250# Aroclor 5460 in '54 and 875# so far in '55 to be used as Insecticide carrier.

Jefferson County Mosquito Control, Nederland, Texas, purchased 500# Aroclor 5460 so far in '55 for use as insecticide carrier.

Pest Fog Inc., Corpus Christie, Texas, purchased 675# 5460 in '54 for use as Insecticide carrier.

Mylan Inc. Minneapolis, Minn., purchased 5600# 1262 in '54 for use as Insecticide carrier.

Calco Agricultural Co., Salinas, California, purchased 26000# 1260 and 9,000# 1254 so far in '55 for use as Insecticide carrier. These people just recently switched from 1260 to 1254 and most recent information received tells us they will standardize on 1254.

Nu-Bark Distributors, Charleston, Illinois, purchased 500# 1154 so far in '55 for use as dressing for tree cuts after pruning.

The Lynde Co., St. Paul, Minn., purchased 100# 5460 in '55 for use with Lindane.

Agriform Co., El Centro, California, purchased 4000# 1254 in '54 and 1500# so far in '55 for use as Insecticide carrier.

Quite probably there are others using Arcclors for this general purpose and as this information is gathered together, we will be glad to pass it along to you. Meanwhile, if we can assist you in obtaining any more detailed data on th above customers, please let us know.
