Dear Dick:

I have just written Ronnie Dent as you suggested in your letter of February 6th, and I am hoping to see him on the 11th of March on my way back from Brussels. Then as soon as you have definite plans for your trip to the States, if you would let me know I will clear my calendar at the time you plan to be here.

I hope you can arrange to spend a little time with us and while you mentioned your trip was going to be a brief one, I hope you are going to bring Mrs. Gaze with you.

Kindest personal regards.

Sincerely,

Russell Brittingham
