that warnings should have been put on products containing asbestos, wouldn't you?

A Oh, in retrospect I am sure everybody wishes they had. But at that time it was what was done to prevent the disease.

Q You would agree with me that warnings should have been put on those asbestos products?

MR. McGOWAN: Objection, Your Honor.

THE COURT: Overruled.

A They were not. People at the time did not feel it was indicated. Did I look back and say should have?

Sure, it is easy to say in retrospect maybe we should have done something.

Q In retrospect, I understand, but you would agree with me that you testified in the past that the disease was so hazardous, so bad, that warnings should have been put on asbestos-containing products?

A I said it would have been a good idea. But at the time it was not done because it was not the way people approached such problems in that era.
