intracompany memo

to	O. E. Burch	location	Portland, Oregon
from	D. C. Corkill	location	Portland, Oregon
subject	Asbestos Free Ready-Mix	date	March 18, 1976

Per the attached from Ernie Reynolds the demand for asbestos free Ready-Mix is increasing significantly. Our present program calls for complete conversion to asbestos free by June 1. As Ernie points out, Canadian orders are to be asbestos free at this time.

Our research work and field trials to date show our asbestos free formula to be one in which we can have complete confidence. It is my understanding we have enough raw materials for about six truckloads at Acme. I feel that we should immediately get enough additional raw materials into Acme, so we can take care of not only Canada but any branch that orders asbestos free which at present includes Sacramento, San Jose and Seattle.
