FROM Corporate Industrial Hygiene

DATE April 19, 1985

SUBJECT Asbestos Handling and Disposal Training Program

We are reissuing instructions issued on January 26, 1982 concerning training of employees who may come in contact with asbestos or asbestos contaminated products in their job duties.

Please reread the attached cover letter and note the Checklists for Employees.

A videotape version of the training program for working with asbestos will be available shortly.

Please contact Corporate Industrial Hygiene if you require a copy of the videotape at your plant.
