Subject: IPAA Board Meeting

Caution: This email originated from outside EPA, please exercise additional caution when deciding whether to open attachments or click on provided links.

Abbie,

Following up on our conversation, I am requesting that you speak to the Independent Petroleum Association of America board meeting on Monday, April 7 at the Mayflower Hotel in Washington, DC. The meeting runs from 12:30 to 3:30 and we can accommodate you at whatever is convenient for you.

IPAA is a national trade association representing independent American oil and natural gas producers. The board is comprised of executives of these companies. The EPA air regulations, particularly Subparts 0000b/c and Subpart W, can significantly affect these operations.

Please let me know what additional information you need. I am copying Dan Naatz and Jeff Eshelman on this email. They can provide specific meeting information.

Thank you for your willingness to consider this invitation.

Lee
