Maddy,

Copied here is Ashley Lison with Liberty University. They have very kindly invited us to speak at one of their Convocations in the Fall. We very much would like to accept their invitation so could you please pull available dates in October, looking only at MWF, and send over to Ashley so she may find one or two that are agreeable to their schedule?

Please also send her a speaking event request form to complete.

Thank you,
Millan

Great news! We will send someone out on Thursday to advance. Ralf -- we likely won't have to do a walk through again but I'll let you know asap.

Oh I am sorry, I understand ... how about early Monday, like 9:30 am? Please send us a call number to reach you all.

We'd be more than happy to hop on a call on Monday. However, because of the quick turnaround for this, we do need to start the process of reaching out to the guests who were originally registered for the event so that we can have a preliminary idea, by Monday afternoon, of how our numbers look. So, while we will not yet be putting the rescheduled event on our website, or announcing/promoting it in the traditional sense, we do, at the very least, need to email our original guest to give them the opportunity to confirm their attendance. That way, come next week, we'll have a preliminary idea of how many seats (if any) are open, at which point we can reach out to our other members who were not able to register due to the high demand.

That said, let us know what time slot works best for your team on Monday, and we can get a conference line set up.

Thanks -- Ralf
