Thanks John, Audrey. Apologies for the delay in responding. I've have been waiting until I can get all the right folks aligned. I am out of the office today but have this on my radar to address early next week.

Thank you for the gentle prompt.
Have a great weekend.

Ann

It was good meeting you. I would like to set up a meeting with you to present our Louisiana coastal wetlands restoration activities. We have completed many local-scale projects in partnership with Ducks Unlimited, which improve coastal resiliency and

storm abatement by increasing emergent marsh areas and reducing saltwater incursion, and also providing enhanced habitat for migratory birds. It is a great story for water, wetlands, wildlife, and coastal communities in Louisiana.

Audrey can assist in setting up a time that suits you and other interested EPA staff. I think 30 minutes should do it.
