INTERIOR PAINTS AND FINISHES

DRAMEX INTERIOR FINISH

Remarkable new type wall coating which eliminates the time consuming job of repairing cracks and blemishes in interior wall and ceiling surfaces prior to painting. Heavy bodied, easy working DRAMEX covers cracks and decorates in one coat leaving a finish that is smarter than paint and more durable than plaster. DRAMEX will not drip or streak, dries plaster hard in a few hours, and has no painty odor.

product	size	packed	weight (gross)	dealer price		suggested retail
 RESURFO SPACKLING PASTE A ready to use, easy to apply vinyl-latex compound for filling, leveling and smoothing wall, ceiling, wood and masonry surfaces prior to painting. Will not shrink, sands easily, is non-alkaline, and will not "burn" through paint film.	1/2 pt. Can	12	14.75	\$.40		\$.67
	1 qt. Can	6	26.	.97		1.62
	1 gal. Can	4	62.5	3.07		5.12
 REARDON'S PATCHING PLASTER An economical product made especially for repairing cracks, breaks and voids in interior plaster wall and ceiling surfaces. Sands easily and provides a perfect base for wallpaper, paint, varnish or enamel.	2 1/2 lb. Pkg.	12	32.4	.25		.42
	5 lb. Pkg.	10	53.5	.41		.68
	15 lb. Bag	1	15.2	1.09		1.82
	25 lb. Bag	1	25.25	1.53		2.55
 REARDON'S WATER PUTTY An all purpose shrink proof crackfiller for repairing cracks, dents, breaks and holes in furniture, wood floors, woodwork, metal and other interior surfaces. Dries rock hard and may be sanded, tooled and finished just like wood.	1 lb. Can	12	15.	.28		.43
	5 lb. Can	6	33.75	1.04		1.73
	25 lb. Pail	1	28.	4.53		7.55
 REARDON'S TILE GROUT For filling the cracks between wall and bathtub, around kitchen sinks and washbasins. Fills cracks and breaks between wall and floor tile. Easy to use, dries snow white, will not shrink or crack and dries rock hard.	1 lb. Pkg.	12	13.	.24		.40
 BONDEX CONCRETE PATCH Combines a wonder working Silicone-Latex mixing liquid with carefully balanced cement to provide an easy to use all purpose patching material for both home and industry. Use on all types of masonry wall and floor surfaces. Recommended for patching floors where heavy traffic creates a maintenance problem. Important: 1 gallon liquid required for every 40 lb. bag.	5 lb. Kit	8	53.	1.40		2.33
	10 lb. Kit	4	52.5	2.53		4.22
	40 lb. Bag	1	40.5	2.80		4.67
	1 gal. Can	2	18.5	2.73		4.55
 BONDEX HYDRAULIC PATCHER Slow-setting waterproof hydraulic patcher for filling floorline cracks, wall cracks, mortar joints and all "after rain" leaks.	5 lb. Can	9	48.2	1.07		1.78

PAPER HANGERS' MATERIALS

 CHEX WALL SIZE CHEX is a lightly pigmented, casein bound size and sealer for interior wall and ceiling surfaces. Neutralizes "hot spots" and forms a perfect foundation for the most delicate wallpaper or paint.	1 lb. Pkg.	12	14.25	.60		1.00
 SUPERCCEL CELLULOSE WALLPAPER PASTE Non-staining odorless cellulose wallpaper paste. Can't spoil, slips easily—and has tremendous adhesive qualities. Will not stain the most delicate wallpapers, even deeptone and metallic finishes.	4 oz. Pkg.	12	5.	.40		.67
	12 oz. Pkg.	12	11.5	1.00		1.67

ART COLORS

SOLARITE ART COLORS

The non-toxic, vivid colors are for water color work, finger painting, school art work, stage sets and decorating. Fast drying, also ideal for children's use. Apply on any interior surface, paper, cloth, glass, metal, canvas and masonry.

TINTING COLORS					
REARDON'S TINTING COLORS  Eight attractive base colors formulated to tint BONDEX Waterproof Cement Paint, BONDEX Heavy Duty Waterproofer, DRADEX Interior Finish and other Reardon powder base products. Pre-dispersed colors are packaged in unbreakable plastic tubes. When ordering tubes kindly specify one or two ounce tubes. 11—Brown 44—Pink 77—Yellow 22—Ivory 55—Grey 88—Aqua 33—Blue 66—Green					
	1 fl. oz. Tube (6 to Sleeve)	24	3.5	\$.21	
	2 fl. oz. Tube (6 to Sleeve)	24	7.5	.33	
SERVICE PRODUCTS					
 PUMICE A fine abrasive used with plain water for rubbing varnished and lacquered surfaces to a satin finish.					
	1 lb. Pkg.	12	13.	.23	
	25 lb. Bag	1	25.25	3.73	
 ROTTENSTONE An extra fine abrasive used with either water or oil. Imparts a high lustre finish to varnished or lacquered surfaces previously rubbed with pumice.					
	1 lb. Pkg.	12	13.	.27	
 TRI-SODIUM PHOSPHATE An all purpose heavy duty cleaner for cleaning all types of surfaces preparatory to painting. When mixed to a heavy concentration it may be used to dull glossy enamel surfaces for repainting. Being a water softener T. S. P. is also useful in the laundry, bath and kitchen.					
	1 lb. Pkg.	12	13.	.27	
	5 lb. Pkg.	10	53.5	.97	
	25 lb. Bag	1	25.25	4.27	
 PLASTER OF PARIS Used to patch plaster where rapid set is desired, this versatile material is also particularly suited for making molds, forms, patterns and figurines.					
	1 lb. Pkg.	12	13.	.17	
	5 lb. Pkg.	10	53.5	.39	
	25 lb. Bag	1	25.25	1.60	
REARDON'S DRYWALL CONSTRUCTION MATERIALS					
 REARDON'S "SX" JOINT CEMENT Reardon's new "SX" Joint Cement provides the answer to one of the most difficult problems in dry wall construction. The new "SX" formulation eliminates "photographing", "telegraphing", or "shadowing" of the finish coat of paint over the wallboard joints. Use in combination with REARDON'S Joint Tape, and REARDON'S "SX" Topping Cement for best results.					
	5 lb. Pkg.	10	53.5	.74	
	25 lb. Bag	1	25.25	2.89	
	4 lb. Comb. (4 lbs. Joint Cement —60 ft. Tape)	10	47.	1.04	
	18 lb. Comb. (18 lbs. Joint Cement —250 ft. Tape)	1	19.5	3.35	
 REARDON'S "SX" TOPPING CEMENT REARDON'S "SX" Topping Cement contains the same "non-photographing" properties as "SX" Joint Cement and provides the perfect "float" coat for finishing the joint after tape has been bedded with "SX" Joint Cement. This finely ground companion product combines ease of application with easy sanding.					
	25 lb. Bag	1	25.25	2.93	
 REARDON'S ALL PURPOSE JOINT CEMENT Competitively priced, this one product does the work of three products. Use as a regular Joint Cement to bed the tape for wallboard construction, as a Topping Cement for the float coat, and as a Texture paint.					
	25 lb. Bag	1	25.25	2.45

 DRAMEX READY MIXED INTERIOR FINISH Offers all the unusual advantages provided by DRAMEX Interior Finish plus the added advantages of convenience and complete scrubbability. Manufactured on an exclusive Vinyl Resin formula, it is ready to use as it comes from the can and not only produces a finish of unusual beauty, but one with a resiliency, shock resistance, and scrubbability not found in conventional wall finishes. Colors: 402 Silver Gray, 406 Blush Pink, 409 Pure White, 403 Peach Blossom, 407 Seafoam Green, 413 Base White, 404 Modern Ivory, 408 Golden Cream, 401 Butter Yellow, 405 Azure Blue. Note: After June 30, 1964 Dramex Ready Mixed will be available in white and tinting base white only. The new tinting base white readily accepts tints from standard latex paint tinting systems, allowing greater selection of colors and reducing inventory.	1 gal. Can	4	50.5	5.73	3.44
 VINTEX TEXTURE PAINT Use on all interior wall and ceiling surfaces. Widely used by the homeowner, it is also used extensively by the professional on large industrial and residential building projects where economy of application, easy workability and low material cost is important. Gives a tough finish that may be painted with any type paint. White	25 lb. Bag	1	25.25	5.55	3.33
 REARDON'S TEXTURE PAINT A heavy bodied finish for interior walls and ceilings, eliminates the time consuming job of repairing cracks, blemishes and imperfections prior to painting. Resurfaces and redecorates at the same time. Colors: 005 White, 007 Azure Blue, 009 Seafoam Green, 006 Modern Ivory, 008 Blush Pink	5 lb. Pkg. 25 lb. Bag	10 1	53.25 25.25	1.27 5.00	.76 3.00
 SAN-TEX SAND FINISH MIX A very light weight special additive that produces a sandlike finish. Mixes with latex, oil or resin emulsion paints. Remains in uniform suspension and does not settle.	8 oz. Pkg.	12	10.0	.51	.31
 REARDON'S AD-MIX A specially formulated additive to be mixed with Latex, oil or resin emulsion paint to produce a distinctive sand finish. Easy to apply with brush or roller.	25 lb. Bag	1	25.25	5.67	3.40
 REARDON'S BLOCK FILLER AND PRIMER Use to fill voids and imperfections in exterior or interior concrete and masonry block construction, provides a firm smooth surface for the application of paint.	25 lb. Bag	1	25.25	5.45	3.27
COLD WATER PAINTS AND KALSOMINE					
 LUMNITE INTERIOR COLD WATER PAINT An economical coating for the interior walls and ceilings of mills, warehouses, garages and other industrial and commercial buildings. May be applied to any interior surface that is dry, clean and firm. White only	25 lb. Bag	1	25.25	4.12	2.47
 ALFRESCO EXTERIOR-INTERIOR COLD WATER PAINT An economical semi-permanent exterior or interior finish that is particularly adaptable for use on summer cottages, barns, fences and for curb markings. May be applied over concrete, brick, rough lumber, wallboard, plaster walls and other interior or exterior surfaces. Alfresco is also widely used as a shading compound to control the penetration of sunlight in greenhouses. White only	25 lb. Bag	1	25.25	8.22	4.93

	PUMICE A fine abrasive used with plain water for rubbing varnished and lacquered surfaces to a satin finish.	1 lb. Pkg.	12	13.4	.45	.27																									
	ROTTENSTONE An extra fine abrasive used with either water or oil. Imparts a high lustre finish to varnished or lacquered surfaces previously rubbed with pumice.	1 lb. Pkg.	12	13.7	.48	.29																									
	TRI-SODIUM PHOSPHATE An all purpose heavy duty cleaner for cleaning all types of surfaces preparatory to painting. When mixed to a heavy concentration it may be used to dull glossy enamel surfaces for repainting. Being a water softener T. S. P. is also useful in the laundry, bath and kitchen.	1 lb. Pkg. 5 lb. Pkg. 25 lb. Bag	12 10 1	13.8 53.5 25.25	.47 1.73 7.88	.28- 1.04 4.73																									
	PLASTER OF PARIS Used to patch plaster where rapid set is desired, this versatile material is also particularly suited for making molds, forms, patterns and figurines.	1 lb. Pkg. 5 lb. Pkg. 25 lb. Bag	12 10 1	13.9 54.25 25.25	.30 .85 3.22	.18 .51 1.93																									
PAPER HANGERS' MATERIALS																															
	CHEX WALL SIZE CHEX is a lightly pigmented, casein bound size and sealer for interior wall and ceiling surfaces. Neutralizes "hot spots" and forms a perfect foundation for the most delicate wallpaper or paint.	1 lb. Pkg.	12	14.40	1.02	.61																									
	SUPERCCEL CELLULOSE WALLPAPER PASTE Non-staining odorless cellulose wallpaper paste. Can't spoil, slips easily—and has tremendous adhesive qualities. Will not stain the most delicate wallpapers, even deeptone and metallic finishes.	4 oz. Pkg. 12 oz. Pkg.	12 12	4.3 11.3	.67 1.67	.40 1.00																									
ART COLORS																															
	SOLARITE ART COLORS The non-toxic, vivid colors are for water color work, finger painting, school art work, stage sets and decorating. Fast drying, also ideal for children's use. Apply on any interior surface, paper, cloth, glass, metal, canvas and masonry. Also excellent for ice painting, hockey rinks, etc. (Color guide for ordering convenience)	<table><tr><td colspan="3">(Color guide for ordering convenience)</td><td colspan="2">White, C, U</td></tr><tr><td>A—Primary Yellow</td><td>K—Primary Blue</td><td>Y—Bright Green</td><td colspan="2">Black, B, I, M, V</td></tr><tr><td>S—Bright Orange</td><td>F—Purple</td><td>D—Magenta</td><td colspan="2"></td></tr><tr><td>U—Seal Brown</td><td>M—Green</td><td>EE—Primary Red</td><td colspan="2"></td></tr><tr><td>C—Turquoise Blue</td><td>I—Dark Green</td><td>E—Deep Red</td><td colspan="2">A, F, D, E, EE, K</td></tr></table>					(Color guide for ordering convenience)			White, C, U		A—Primary Yellow	K—Primary Blue	Y—Bright Green	Black, B, I, M, V		S—Bright Orange	F—Purple	D—Magenta			U—Seal Brown	M—Green	EE—Primary Red			C—Turquoise Blue	I—Dark Green	E—Deep Red	A, F, D, E, EE, K

See Reverse Side for Terms and Conditions

ALL REARDON PRODUCTS MAY BE COMBINED
TO MAKE UP TONNAGE FOR QUANTITY DISCOUNTS

TERMS AND CONDITIONS OF SALE

TERMS: 2% 10th prox. - net 30 days from date of invoice.

PRICES: Prices are F.O.B. Los Angeles and Oakland, California, freight prepaid. All Reardon products may be combined to make up tonnage for quantity discounts.

FREIGHT CHARGES: All freight charges will be prepaid and absorbed by The Reardon Company on shipments of 500 pounds or over. On shipments of less than 500 pounds all transportation charges must be paid by the customer, and shipments will be made freight collect from Los Angeles. Shipments under 5,000 pounds beyond 100 constructive miles from Los Angeles Zone 234 and from Oakland Zone 111 will be charged an additional \$.50 per cwt.

PICK UP ORDERS: Customers who pick up orders at our plant or warehouse locations will be allowed freight equal to the published tariff rate on orders of 500 pounds and over. Customers beyond the 100 mile zone above will have their tariff rate reduced by the \$.50 cwt. as invoiced for delivery. Pick ups over 10,000 pounds will be allowed additional \$.50 cwt.

ROUTING: The Reardon Company reserves the right to route all shipments via the most direct and economical carrier.

CASE GOODS: Supplied only in full case lots.

Drop shipments will be billed at prices in effect where delivery is made and on the quantity dropped.

Written approval must be obtained from Sales Department, The Reardon Company, 7301 Page Avenue, St. Louis, Missouri 63133 before any merchandise may be returned. All returns must be prepaid, 10% of invoice value will be deducted for handling and repacking.

Prices subject to change without notice.

INTERIOR PAINTS AND FINISHES

DRAMEX INTERIOR FINISH

Remarkable new type wall coating which eliminates the time consuming job of repairing cracks and blemishes in interior wall and ceiling surfaces prior to painting. Heavy bodied, easy working. DRAMEX covers cracks and decorates in one coat leaving a finish that is smarter than paint and more durable than plaster. DRAMEX will not drip or streak, dries plaster hard in a few hours, and has no painty odor.

REARDON'S DRYWALL CONSTRUCTION MATERIALS						
 BONDEX "PREMIUM" JOINT COMPOUND An extremely high quality joint cement that when mixed, looks and applies like a ready mixed compound. Easy to mix and apply, it provides for easy sanding and painting. Odor free, shrink resistant & long working time are the outstanding characteristics of Bondex Premium.	25 lb. Bag	1	25.25	5.10	3.05	
 BONDEX JOINT COMPOUND An all purpose joint treatment compound formulated for professional use for all steps in finishing drywall joints. It is a low-shrinking, easy-working cement that can be used with either hand or power tools. Bondex Joint Compound can be used immediately after mixing, has no objectionable odor, and is economical for texturing as well.	25 lb. Bag	1	25.25	4.50	2.70	
 REARDON'S "SX" JOINT CEMENT Reardon's new "SX" Joint Cement provides the answer to one of the most difficult problems in dry wall construction. The new "SX" formulation eliminates "photographing", "telegraphing", or "shadowing" of the finish coat of paint over the wallboard joints. Use in combination with REARDON'S Joint Tape, and REARDON'S "SX" Topping Cement for best results.	5 lb. Pkg. 25 lb. Bag 4 lb. Comb (4 lbs. Joint Cement - 60 ft. Tape) 18 lb. Comb (18 lbs. Joint Cement - 250 ft. Tape)	10 1 10 1	53.25 25.25 47. 19.5	1.25 4.95 1.73 6.00	.75 2.79 1.04 3.60	
 REARDON'S "SX" TOPPING CEMENT REARDON'S "SX" Topping Cement contains the same "non-photographing" properties as "SX" Joint Cement and provides the perfect "float" coat for finishing the joint after tape has been bedded with "SX" Joint Cement. This finely ground companion product combines ease of application with easy sanding.	25 lb. Bag	1	25.25	4.95	2.97	
 REARDON'S ALL PURPOSE TEXTURE PAINT, JOINT AND TOPPING CEMENT Competitively priced, this one product does the work of three products. Use as a regular Cement to bed the tape for wallboard construction, as a Topping Cement for the float coat, and as a Texture paint.	25 lb. Bag	1	25.25	4.20	2.52	
 REARDON'S "500-C" ALL PURPOSE JOINT CEMENT An all purpose formulation that saves time in mixing and saves material cost, because it goes farther. Use for bedding, float, topping or texture coat. Carefully controlled ingredients for quick mixing and easy application by machine or hand.	25 lb. Bag	1	25.25	4.30	2.59	
 REARDON'S PRE-MIXED JOINT CEMENT Supplied in ready to use form, this new material completely eliminates expensive on the job mixing time. Formulated on a vinyl base, it provides improved bonding power combined with super smoothness and workability. Also eliminates the need for more than one material on the job. REARDON'S READY MIXED JOINT CEMENT provides perfect results when used for bedding the tape, topping, or laminating wallboard.	1 gal. Can 5 gal. Can	4 1	55.25 64.0	3.13 11.90	1.88 7.14	
 REARDON'S ACOUSTIC CEILING SPRAY TEXTURE All new, this product is used to produce a heavy textured, sound deadening surface of charm and beauty for the interior ceiling. (Medium or Coarse Aggregate)	25 lb. Bag	1	25.25	4.67	2.80	
 REARDON'S JOINT TAPE (40 ft. roll packed in plastic bags) Available in three styles: spark, slot perforated, and conventional round hole perforated style. REARDON'S Joint Tape is made from the finest paper available. The tapes are clearly and perfectly angle skived to insure perfect adhesion and maximum strength.	40 ft. Roll 75 ft. Roll 250 ft. THE REARDON COMPANY

REPRINTED 9/7/65

TERMS AND CONDITIONS OF SALE

TERMS: 2% 10th Prox. — Net 30 days.

PRICES: F.O.B. Plant or warehouse freight prepaid

All products manufactured by The Reardon Company may be combined for weight purposes to qualify for pool truck and truck load prices.

SPRING DATING TERMS: Not applicable to dry wall materials. See Reardon Representative for terms.

POOL TRUCK SHIPMENTS: Customers may pool shipments to qualify for pool truckload discounts provided any stop-off is not less than 8,000 pounds. Customer requesting a pool should not expect shipments immediately. Any order over 8,000 pounds that contains 8,000 pounds of joint treatment products not subject to fill-in privileges that has not been pooled in 48 hours will be shipped direct and invoiced at pool price, but the sundries included on these orders shall be billed at pool truck price, plus a freight differential of: \$1.00 cwt. on sundries up to 2,000#; \$.75 cwt. 2,000# up to 5,000#; \$.50 cwt. on sundries over 5,000#.

FILL-IN PRIVILEGES: Fill-in privileges are not applicable to joint treatment products except 5 lb. pkg., tape comb. 4 lb. pkg. and tape comb. 18 lb. bag. All products contribute toward the weight of the initial truckload or pool truck order. Fill-in privileges will be permitted to the extent of 100% of the total weight of the initial truckload or pool truck order.

Fill-ins against truckloads will be billed at the pool truck price except for the excluded dry wall products.

Fill-ins against pool trucks will be billed at the pool truck price plus a freight differential of: \$1.00 cwt. up to 2,000#; \$.75 dwt. 2,000# up to 5,000#; \$.50 dwt. over 5,000#. Excluded dry wall products will be billed at LTL price. Fill-ins under 500# are subject to our freight collect conditions. Invoice notification will be provided so that customer will know when fill-in privilege is exhausted. Fill-in privileges are not cumulative and apply only to a single truckload or pool order.

PICK-UP ORDERS: Customers who pick up orders at our plant or warehouse locations will be allowed freight equal to the published tariff rate on orders of 500 pounds to 8,000 pounds. Pick-ups over 8,000 pounds will be invoiced at pick-up prices on dry wall with no freight allowed; and other items in the order will be invoiced at pool or truckload prices with truckload tariff rates allowed. Prior notification of pick-up is required due to loading schedules.

FREIGHT CHARGES: All freight charges will be prepaid and absorbed by The Reardon Company of shipments on 500 pounds or over. On shipments of less than 500 pounds all transportation charges must be paid by the customer, and shipments will be made freight collect. Local cartage shipments of 500 pounds or less in cities where we maintain plants or warehouses will be prepaid and billed to the customer.

ROUTING: The Reardon Company reserves the right to route all shipments the most economical way.

RETURNS: Written approval must be obtained from the Sales Department, The Reardon Company, St. Louis 33, Missouri before returned merchandise will be accepted. All returns must be prepaid and 10% of invoice value will be deducted from credit invoice to partially offset handling and repacking costs.

SPECIAL PRODUCTS: Powders discontinued or other items are available upon order of minimum of 2,000 pounds at a price based on destination. Examples: Greenhouse Shading Compound, Sidewall Texture, Polar Ice Paint, Solarite, Floor Leveling Compound, Stucco and Patching Cement and others.

CASE GOODS: Supplied only in full case lots.

Prices and freight policies subject to change without notice.

TERMS AND CONDITIONS OF SALE

TERMS: 2% 10th Prox. - Net 30 days.

PRICES: F.O.B. Plant or warehouse freight prepaid.

All products manufactured by The Reardon Company may be combined for weight purposes to qualify for pool truck and truck load prices. Fill-in privileges are not applicable to joint treatment products.

POOL TRUCK SHIPMENTS: Customers may pool shipments to qualify for pool truckload discounts provided any stop-off is not less than 8,000 pounds, when combined with other products. Customers requesting a pool should not expect shipments immediately.

PICK-UP ORDERS: Customers who pick up orders at our plant or warehouse locations will be allowed freight equal to the published tariff rate on orders of 500 pounds to 8,000 pounds. Pick-ups over 8,000 pounds will be invoiced at pick-up prices on dry wall with no freight allowed; and other items in the order will be invoiced at pool or truck load prices with truck load tariff rates allowed. Prior notification of pick-up is required due to loading schedules.

FREIGHT CHARGES: All freight charges will be prepaid and absorbed by The Reardon Company on shipments of 500 pounds or over. On shipments of less than 500 pounds all transportation charges must be paid by the customer, and shipments will be made freight collect. Local cartage shipments of 500 pounds or less in cities where we maintain plants or warehouses will be prepaid and billed to the customer.

ROUTING: The Reardon Company reserves the right to route all shipments via the most direct and economical carrier.

RETURNS: Written approval must be obtained from the Sales Department, The Reardon Company, St. Louis 33, Missouri before returned merchandise will be accepted. All returns must be freight prepaid and 10% of invoice value will be deducted from credit invoice to partially offset handling and repacking costs.

CASE GOODS: Supplied only in full case lots.

Prices and freight policies subject to change without notice.

THE REARDON COMPANY

REPRINTED 9/7/65

TERMS AND CONDITIONS OF SALE

TERMS: 2% 10th Prox. — Net 30 days.

PRICES: F.O.B. Plant or warehouse freight prepaid

All products manufactured by The Reardon Company may be combined for weight purposes to qualify for pool truck and truck load prices.

SPRING DATING TERMS: Not applicable to dry wall materials. See Reardon Representative for terms.

POOL TRUCK SHIPMENTS: Customers may pool shipments to qualify for pool truckload discounts provided any stop-off is not less than 8,000 pounds. Customer requesting a pool should not expect shipments immediately. Any order over 8,000 pounds that contains 8,000 pounds of joint treatment products not subject to fill-in privileges that has not been pooled in 48 hours will be shipped direct and invoiced at pool price, but the sundries included on these orders shall be billed at pool truck price, plus a freight differential of: \$1.00 cwt. on sundries up to 2,000#; \$.75 cwt. 2,000# up to 5,000#; \$.50 cwt. on sundries over 5,000#.

FILL-IN PRIVILEGES: Fill-in privileges are not applicable to joint treatment products except 5 lb. pkg., tape comb. 4 lb. pkg. and tape comb. 18 lb. bag. All products contribute toward the weight of the initial truckload or pool truck order. Fill-in privileges will be permitted to the extent of 100% of the total weight of the initial truckload or pool truck order.

Fill-ins against truckloads will be billed at the pool truck price except for the excluded dry wall products.

Fill-ins against pool trucks will be billed at the pool truck price plus a freight differential of: \$1.00 cwt. up to 2,000#; \$.75 dwt. 2,000# up to 5,000#; \$.50 dwt. over 5,000#. Excluded dry wall products will be billed at LTL price. Fill-ins under 500# are subject to our freight collect conditions. Invoice notification will be provided so that customer will know when fill-in privilege is exhausted. Fill-in privileges are not cumulative and apply only to a single truckload or pool order.

PICK-UP ORDERS: Customers who pick up orders at our plant or warehouse locations will be allowed freight equal to the published tariff rate on orders of 500 pounds to 8,000 pounds. Pick-ups over 8,000 pounds will be invoiced at pick-up prices on dry wall with no freight allowed; and other items in the order will be invoiced at pool or truckload prices with truckload tariff rates allowed. Prior notification of pick-up is required due to loading schedules.

FREIGHT CHARGES: All freight charges will be prepaid and absorbed by The Reardon Company of shipments on 500 pounds or over. On shipments of less than 500 pounds all transportation charges must be paid by the customer, and shipments will be made freight collect. Local cartage shipments of 500 pounds or less in cities where we maintain plants or warehouses will be prepaid and billed to the customer.

ROUTING: The Reardon Company reserves the right to route all shipments the most economical way.

RETURNS: Written approval must be obtained from the Sales Department, The Reardon Company, St. Louis 33, Missouri before returned merchandise will be accepted. All returns must be prepaid and 10% of invoice value will be deducted from credit invoice to partially offset handling and repacking costs.

SPECIAL PRODUCTS: Powders discontinued or other items are available upon order of minimum of 2,000 pounds at a price based on destination. Examples: Greenhouse Shading Compound, Sidewall Texture, Polar Ice Paint, Solarite, Floor Leveling Compound, Stucco and Patching Cement and others.

CASE GOODS: Supplied only in full case lots.

Prices and freight policies subject to change without notice.

NORTHWEST DISTRIBUTOR PRICE LIST

Terms and Conditions of Sale

TERMS: 2% 10th prox. - net 30 days from date of invoice.

PRICES: Prices are F.O.B. Seattle, Washington or Los Angeles, California, freight prepaid. All Reardon products may be combined to make up tonnage for quantity discounts. Case goods are supplied only in full case lots.

FREIGHT CHARGES: All freight charges will be prepaid and absorbed by The Reardon Company on shipments of 500 pounds or over. On shipments of less than 500 pounds all transportation charges must be paid by the customer, and shipments will be made freight collect. Local cartage shipments of 500 pounds or less in cities where we maintain plants or warehouses will be prepaid and billed to the customer. Conversely, pickups under 500 lbs. will be without freight allowed.

PICK UP ORDERS: Orders 500 lb. to 10,000 lb. picked up at Seattle warehouse or 80,000 lb. pool car from Los Angeles will be invoiced at the 10,000 lb. price of Zone A. Orders over 10,000 lb. picked up at Seattle warehouse or 80,000 lb. pool car from Los Angeles will be invoiced at the 20,000 lb. price of Zone A. Prior notification of pick up requested due to loading schedules.

ROUTING: The Reardon Company reserves the right to route all shipments via the most direct and economical carrier.

Drop shipments will be billed at prices in effect where delivery is made and on the quantity dropped.

Written approval must be obtained from Sales Department, The Reardon Company, 7501 Page Avenue, St. Louis, Missouri 63133 before any merchandise may be returned. All returns must be prepaid, 10% of invoice value will be deducted for handling and repacking.

	25 lb. Pail	1	28	9.11	5.47
 BONDEX HEAVY DUTY WATERPROOFER The ultimate in an aggregate type masonry wall coating to protect rough exterior, interior, above or below grade masonry surfaces. Waterproofs and resurfaces rough poured concrete, cinder and concrete block, brick and stucco wall surfaces. Meets and exceeds all State and Federal Specifications. Guaranteed Waterproof. White Only	10 lb. Can	4	45	3.48	2.09
	40 lb. Bag	1	40	8.00	4.80
 BONDEX ADDITIVE A Silicone-latex additive for use with both BONDEX Waterproof Cement Paint and BONDEX Heavy Duty Waterproofer. Permits application over previously painted or otherwise non-porous masonry wall surfaces. Increases bonding power and eliminates wetting the surface before application over porous wall surfaces.	1 pt. Can	12	15	1.22	.73
	1 qt. Can	6	16	2.22	1.33
	1 gal. Can	4	37	7.12	4.27
 BONDEX READY MIXED CEMENT PAINT A specially formulated mineral product heavy bodied to provide maximum film thickness of protection. It penetrates deep and bonds tight to all types of masonry surfaces, fills, seals and resurfaces pores and minor imperfections in the surface. Serves as a combination masonry block filler and finish coat which withstands weathering better than paint. Resists chipping, cracking and peeling. Ready mixed in Sparkling White which may be tinted in your choice of color and easily applied with brush or roller.	1 gal. Can	4	58	4.95	3.40
	5 gal. Can	1	75	4.85	3.30
 BONDEX HEAVY DUTY LIQUID ALUMINUM ROOF COATING Provides effective, economical and long lasting waterproofing protection on roofing, metal and masonry surfaces. Formulated on a high solids, asphaltic-gilsonite base and combined in an exclusive blending process with the highest grade, long staple Canadian asbestos fiber, non-drying oils and ready to use as it comes from the container. Seals seams, nail holes, prevents rust, seals masonry pores, reduces under-roof temperatures.	1 gal. Can	6	56	4.69	3.35
	5 gal. Can	1	45	4.49	3.20
 BONDEX QUICK PLUG Resealable Can A fast setting patching material that becomes rock hard in three minutes, stops water flowing through leaks in masonry surfaces even under pressure. This versatile product has hundreds of uses for the industrial user and the homeowner. Anchor bolts, hooks, machinery, washing machines, dryers, etc., to all masonry surfaces.	1½ lb. Can	12	21	.88	.53
	3 lb. Can	6	20	1.68	1.01
	12 lb. Can	4	53	5.67	3.40
	50 lb. Pail	1	53	20.00	12.00
 BONDEX SILICONE WATERPROOFING Provides one coat, long lasting, invisible, water repellent protection for exterior above grade masonry wall surfaces and is excellent for brick, concrete block, stucco, mortar, stone, asbestos shingles and siding. Protects against efflorescence, spalling and other masonry deterioration caused by water penetration.	1 gal. Can	4	32	5.45	3.27
	5 gal. Can	1	41	5.07	3.04
	55 gal. Drum	1	40	3.44	2.06

INTERIOR PAINTS AND FINISHES					
 DRAMEX TEXTURE PAINT Remarkable new type wall coating which eliminates the time consuming job of repairing cracks and blemishes in interior wall and ceiling surfaces prior to painting. Heavy bodied, easy working DRAMEX covers cracks and decorates in one coat leaving a finish that is smarter than paint and more durable than plaster. DRAMEX will not drip or streak, dries plaster hard in a few hours, and has no painty odor. COLORS (5# Pkg. White Only) 400 Pure White 405 Azure Blue 406 Blush Pink 404 Modern Ivory - 407 Seafoam Green	5 lb. Pkg. 25 lb. Bag	10 1	53 25	1.15 4.45	.69 2.67
 DRAMEX READY MIXED TEXTURE PAINT Offers all the unusual advantages provided by DRAMEX Texture Paint plus the added advantages of convenience and complete scrubbability not found in conventional wall finishes. COLORS 400 Pure White 413 Tint Base White	1 gal. Can	4	50	5.73	3.44
 VINTEX TEXTURE PAINT Use on all interior wall and ceiling surfaces. Widely used by the homeowner, it is also used extensively by the professional on large industrial and residential building projects where economy of application, easy workability and low material cost is important. Gives a tough finish that may be painted with any type paint. White	25 lb. Bag	1	25	5.00	3.00
 SAN-TEX SAND FINISH MIX A very light weight special additive that produces a sandlike finish. Mixes with latex, oil or resin emulsion paints. Remains in uniform suspension and does not settle.	8 oz. Pkg.	12	7	.49	.29

Can	6	18	1.98	1.15
	1 gal. Can	4	41	6.49	3.78
REARDON'S DRYWALL MATERIALS					
 BONDEX JOINT COMPOUND An all purpose joint treatment compound formulated for professional use for all steps in finishing drywall joints. It is a low-shrinking, easy-working cement that can be used with either hand or power tools. Bondex Joint Compound can be used immediately after mixing, has no objectionable odor, and is economical for texturing as well.	25 lb. Bag	1	25	4.50	2.70
 REARDON'S "SX" JOINT CEMENT Reardon's new "SX" Joint Cement provides the answer to one of the most difficult problems in dry wall construction. The new "SX" formulation eliminates "photographing", "telegraphing", or "shadowing" of the finish coat of paint over the wallboard joints. Use in combination with REARDON'S Joint Tape, and REARDON'S "SX" Topping Cement for best results.	5 lb. Pkg.	10	53	1.25	.75
	25 lb. Bag	1	25	4.95	2.97
	4 lb. Comb (4 lbs. Joint Cement -75 ft. Tape)	10	47	1.73	1.04
	18 lb. Comb (18 lbs. Joint Cement -250 ft. Tape)	2	40	6.00	3.60
 REARDON'S "SX" TOPPING CEMENT REARDON'S "SX" Topping Cement contains the same "non-photographing" properties as "SX" Joint Cement and provides the perfect "float" coat for finishing the joint after tape has been bedded with "SX" Joint Cement. This finely ground companion product combines ease of application with easy sanding.	25 lb. Bag	1	25	4.95	2.97
 REARDON'S ALL PURPOSE TEXTURE PAINT, JOINT AND TOPPING CEMENT Competitively priced, this one product does the work of three products. Use as a regular Cement to bed the tape for wallboard construction, as a Topping Cement for the float coat, and as a Texture paint.	25 lb. Bag	1	25	4.20	2.52
 REARDON'S "500-C" ALL PURPOSE JOINT CEMENT An all purpose formulation that saves time in mixing and saves material cost, because it goes farther. Use for bedding, float, topping or texture coat. Carefully controlled ingredients for quick mixing and easy application by machine or hand.	25 lb. Bag	1	25	4.30	2.59

THE REARDON COMPANY

Effective November 1, 19

TERMS AND CONDITIONS OF SALE

TERMS: 2% 10th Prox. — Net 30 days.

PRICES: F.O.B. Plant or warehouse freight prepaid

All products manufactured by The Reardon Company may be combined for weight purposes to qualify for pool truck and truck load prices.

SPRING DATING TERMS: Not applicable to dry wall materials. See Reardon Representative for terms.

POOL TRUCK SHIPMENTS: Customers may pool shipments to qualify for pool truckload discounts provided any stop-off is not less than 8,000 pounds. Customer requesting a pool should not expect shipments immediately. Any order over 8,000 pounds that contains 8,000 pounds of joint treatment products not subject to fill-in privileges that has not been pooled in 48 hours will be shipped direct and invoiced at pool price, but the sundries included on these orders shall be billed at pool truck price, plus a freight differential of: \$1.00 cwt. on sundries up to 2,000#; \$.75 cwt. 2,000# up to 5,000#; \$.50 cwt. on sundries over 5,000#.

FILL-IN PRIVILEGES: Fill-in privileges are not applicable to joint treatment products except 5 lb. pkg., tape comb. 4 lb. pkg. and tape comb. 18 lb. bag. All products contribute toward the weight of the initial truckload or pool truck order. Fill-in privileges will be permitted to the extent of 100% of the total weight of the initial truckload or pool truck order.

Fill-ins against truckloads will be billed at the pool truck price except for the excluded dry wall products.

Fill-ins against pool trucks will be billed at the pool truck price plus a freight differential of: \$1.00 cwt. up to 2,000#; \$.75 dwt. 2,000# up to 5,000#; \$.50 dwt. over 5,000#. Excluded dry wall products will be billed at LTL price. Fill-ins under 500# are subject to our freight collect conditions. Invoice notification will be provided so that customer will know when fill-in privilege is exhausted. Fill-in privileges are not cumulative and apply only to a single truckload or pool order.

PICK-UP ORDERS: Customers who pick up orders at our plant or warehouse locations will be allowed freight equal to the published tariff rate on orders of 1000 pounds to 8,000 pounds. Pick-ups over 8,000 pounds will be invoiced at pick-up prices on dry wall with no freight allowed; and other items in the order will be invoiced at pool or truckload prices with truckload tariff rates allowed. Prior notification of pick-up is required due to loading schedules.

FREIGHT CHARGES: All freight charges will be prepaid and absorbed by The Reardon Company of shipments on 500 pounds or over. On shipments of less than 500 pounds all transportation charges must be paid by the customer, and shipments will be made freight collect. Local cartage shipments of 500 pounds or less in cities where we maintain plants or warehouses will be prepaid and billed to the customer.

ROUTING: The Reardon Company reserves the right to route all shipments the most economical way.

RETURNS: Written approval must be obtained from the Sales Department, The Reardon Company, St. Louis 33, Missouri before returned merchandise will be accepted. All returns must be prepaid and 10% of invoice value will be deducted from credit invoice to partially offset handling and repacking costs.

SPECIAL PRODUCTS: Powders discontinued or other items are available upon order of minimum of 2,000 pounds at a price based on destination. Examples: Greenhouse Shading Compound, Sidewall Texture, Polar Ice Paint, Solarite, Floor Leveling Compound, Stucco and Patching Cement and others.

CASE GOODS: Supplied only in full case lots.

Prices and freight policies subject to change without notice.

 BONDEX HEAVY DUTY WATERPROOFER The ultimate in an aggregate type masonry wall coating to protect rough exterior, interior, above or below grade masonry surfaces. Waterproofs and resurfaces rough poured concrete, cinder and concrete block, brick and stucco wall surfaces. Meets and exceeds all State and Federal Specifications. Guaranteed Waterproof. White Only	10 lb. Can 40 lb. Bag	4 1	45 40	3.73 8.88	2.24 5.33
 BONDEX ADDITIVE A Silicone-latex additive for use with both BONDEX Waterproof Cement Paint and BONDEX Heavy Duty Waterproofing. Permits application over previously painted or otherwise non-porous masonry wall surfaces. Increases bonding power and eliminates wetting the surface before application over porous wall surfaces.	1 pt. Can 1 qt. Can 1 gal. Can	12 6 4	15 16 37	1.25 2.28 7.33	.75 1.37 4.40
 BONDEX READY MIXED CEMENT PAINT A specially formulated mineral product heavy bodied to provide maximum film thickness of protection. It penetrates deep and bonds tight to all types of masonry surfaces, fills, seals and resurfaces pores and minor imperfections in the surface. Serves as a combination masonry block filler and finish coat which withstands weathering better than paint. Resists chipping, cracking and peeling. Ready mixed in Sparkling White which may be tinted in your choice of color and easily applied with brush or roller.	1 gal. Can 5 gal. Can	4 1	58 75	4.95 4.85	3.40 3.30
 BONDEX HEAVY DUTY LIQUID ALUMINUM ROOF COATING Provides effective, economical and long lasting waterproofing protection on roofing, metal and masonry surfaces. Formulated on a high solids, asphaltic-gilsonite base and combined in an exclusive blending process with the highest grade, long staple Canadian asbestos fiber, non-drying oils and ready to use as it comes from the container. Seals seams, nail holes, prevents rust, seals masonry pores, reduces under-roof temperatures.	1 gal. Can 5 gal. Can	6 1	56 45	4.69 4.49	3.35 3.20
 BONDEX QUICK PLUG Resealable Can A fast setting patching material that becomes rock hard in three minutes, stops water flowing through leaks in masonry surfaces even under pressure. This versatile product has hundreds of uses for the industrial user and the homeowner. Anchor bolts, hooks, machinery, washing machines, dryers, etc., to all masonry surfaces.	1½ lb. Can 3 lb. REARDON'S DRYWALL MATERIALS					
 BONDEX JOINT COMPOUND An all purpose joint treatment compound formulated for professional use for all steps in finishing drywall joints. It is a low-shrinking, easy-working cement that can be used with either hand or power tools. Bondex Joint Compound can be used immediately after mixing, has no objectionable odor, and is economical for texturing as well.	25 lb. Bag	1	25	5.00	3.00
 REARDON'S "SX" JOINT CEMENT Reardon's new "SX" Joint Cement provides the answer to one of the most difficult problems in dry wall construction.* The new "SX" formulation eliminates "photographing", "telegraphing", or "shadowing" of the finish coat of paint over the wallboard joints. Use in combination with REARDON'S Joint Tape, and REARDON'S "SX" Topping Cement for best results.	5 lb. Pkg.	10	53	1.35	.81
	25 lb. Bag	1	25	5.62	3.37
	4 lb. Comb	10	47	1.85	1.11
	(4 lbs. Joint Cement - 7 1/2 ft. Tape)				
	18 lb. Comb	2	40	6.50	3.90
	(18 lbs. Joint Cement - 250 ft. Tape)				
 REARDON'S "SX" TOPPING CEMENT REARDON'S "SX" Topping Cement contains the same "non-photographing" properties as "SX" Joint Cement and provides the perfect "float" coat for finishing the joint after tape has been bedded with "SX" Joint Cement. This finely ground companion product combines ease of application with easy sanding.	25 lb. Bag	1	25	5.62	3.37

REARDON'S DRYWALL MATERIALS					
 REARDON'S ALL PURPOSE TEXTURE PAINT, JOINT AND TOPPING CEMENT Competitively priced, this one product does the work of three products. Use as a regular Cement to bed the tape for wallboard construction, as a Topping Cement for the float coat, and as a Texture paint.	25 lb. Bag	1	25	4.73	2.84
 REARDON'S "500-C" ALL PURPOSE JOINT CEMENT An all purpose formulation that saves time in mixing and saves material cost, because it goes farther. Use for bedding, float, topping or texture coat. Carefully controlled ingredients for quick mixing and easy application by machine or hand.	25 lb. Bag	1	25	4.83	2.90
 REARDON'S PRE-MIXED JOINT CEMENT Supplied in ready to use form, this new material completely eliminates expensive on the job mixing time. Formulated on a vinyl base, it provides improved bonding power combined with super smoothness and workability. Also eliminates the need for more than one material on the job. REARDON'S READY MIXED JOINT CEMENT provides perfect results when used for bedding the tape, topping, or laminating wallboard.	1 gal. Can 5 gal. Can	4 1	55 64	3.33 12.40	2.00 7.42

THE REARDON COMPANY

Effective February

TERMS AND CONDITIONS OF SALE

TERMS: 2% 10th Prox. — Net 30 days.

PRICES: F.O.B. Plant or warehouse freight prepaid

All products manufactured by The Reardon Company may be combined for weight purposes to qualify for pool truck and truck load prices.

SPRING DATING TERMS: Not applicable to dry wall materials. See Reardon Representative for terms.

POOL TRUCK SHIPMENTS: Customers may pool shipments to qualify for pool truckload discounts provided any stop-off is not less than 8,000 pounds. Customer requesting a pool should not expect shipments immediately. Any order over 8,000 pounds that contains 8,000 pounds of joint treatment products not subject to fill-in privileges that has not been pooled in 48 hours will be shipped direct and invoiced at pool price, but the sundries included on these orders shall be billed at pool truck price, plus a freight differential of: \$1.00 cwt. on sundries up to 2,000#; \$.75 cwt. 2,000# up to 5,000#; \$.50 cwt. on sundries over 5,000#.

FILL-IN PRIVILEGES: Fill-in privileges are not applicable to joint treatment products except 5 lb. pkg., tape comb. 4 lb. pkg. and tape comb. 18 lb. bag. All products contribute toward the weight of the initial truckload or pool truck order. Fill-in privileges will be permitted to the extent of 100% of the total weight of the initial truckload or pool truck order.

Fill-ins against truckloads will be billed at the pool truck price except for the excluded dry wall products.

Fill-ins against pool trucks will be billed at the pool truck price plus a freight differential of: \$1.00 cwt. up to 2,000#; \$.75 dwt. 2,000# up to 5,000#; \$.50 dwt. over 5,000#. Excluded dry wall products will be billed at LTL price. Fill-ins under 500# are subject to our freight collect conditions. Invoice notification will be provided so that customer will know when fill-in privilege is exhausted. Fill-in privileges are not cumulative and apply only to a single truckload or pool order.

PICK-UP ORDERS: Customers who pick up orders at our plant or warehouse locations will be allowed freight equal to the published tariff rate on orders of 1000 pounds to 8,000 pounds. Pick-ups over 8,000 pounds will be invoiced at pick-up prices on dry wall with no freight allowed; and other items in the order will be invoiced at pool or truckload prices with truckload tariff rates allowed. Prior notification of pick-up is required due to loading schedules.

FREIGHT CHARGES: All freight charges will be prepaid and absorbed by The Reardon Company of shipments on 500 pounds or over. On shipments of less than 500 pounds all transportation charges must be paid by the customer, and shipments will be made freight collect. Local cartage shipments of 500 pounds or less in cities where we maintain plants or warehouses will be prepaid and billed to the customer.

ROUTING: The Reardon Company reserves the right to route all shipments the most economical way.

RETURNS: Written approval must be obtained from the Sales Department, The Reardon Company, St. Louis Missouri before returned merchandise will be accepted. All returns must be prepaid and 10% of invoice value will be deducted from credit invoice to partially offset handling and repacking costs.

SPECIAL PRODUCTS: Powders discontinued or other items are available upon order of minimum of 2,000 pounds at a price based on destination. Examples: Greenhouse Shading Compound, Sidewall Texture, Polar Ice Paint, Solarite, Floor Leveling Compound, Stucco and Patching Cement and others.

CASE GOODS: Supplied only in full case lots.

Prices and freight policies subject to change without notice.
