The first few times you use this

EDGE INDEX

follow the "HOW TO USE" suggestions slowly and one step at a time. After that you will be able to open easily and almost instantly to the section you are seeking.

HOW TO USE

1. Place the four fingers of your left hand (palm up) between the last page of the text section and the last page of the book.
2. Place your left thumb near the middle of the open side of this page.
3. Lift your left hand (about 3 inches) moving it to the right until the pages are bent almost double.
   From the 1 or 2 line symbol adjacent to the subject you seek, run your eye across the page edges until you reach the horizontal corresponding symbol.
4. Open there.

Page numbers are included if you wish to use them.

You will find it easier and quicker if you "fan" or "riffle" the last few pages with your left thumb.

For similar EDGE INDEX of Text Section see page IX.
