DOCUMENT DESCRIPTION: Letter to Carey-Canadian Mines RE Discontinuing Stocking Their Asbestos Products but Willing to Sell on a Third Party Basis

Thompson-Hayward Chemical Company

July 20, 1979

Mr. Joseph A. Munder
Midwest Regional Manager
Carey Canadian Mines, Ltd.
Plano, Illinois 60545

24 Woodland Drive

Dear Joe:

This will confirm our previous telephone conversation that we have chosen to discontinue being a stocking distributor of your asbestos products.

We regret this move, considering the many years of mutual efforts that have brought our companies close together . We thank you, Joe, for your enthusiasm, professional support and contribution to this relationship.

We are willing to continue selling on a third party basis, and feel we can provide a beneficial service to your marketing efforts in some locations. Once you have decided how you want to proceed considering this change, we would be pleased to discuss it on a branch by branch basis.

Cordially

Robert V. Mann
Vice President-General Manager
Industrial Division
