**Subject:** Rescheduling Tomorrow's Event with EPA Administrator Pruitt

Rafael, Michele and Taisha – We regret to inform you that Administrator Pruitt is sick and unable to attend tomorrow's event. We sincerely apologize for any inconvenience this causes your organization and those who were planning to attend.

We would appreciate the ability to reschedule in the near future.

Thank you for your understanding.

Sincerely, Liz

Liz Bowman

Matthew – looping in Sarah here as she will be our lead on building out the Administrator's schedule for this trip. She was also on the call and will assist us in working with our international team to begin working on these initial steps.

Thank you,  
Millan

Thanks Rick for putting the call together. Look forward to continuing the dialogue.

One initial step would be to get a better sense of the current US Australian environmental agreements that are currently in place and whether they should be changed or updated or canceled and replaced with others. It would also be relatively easy to put together a joint advisory task force on environmental issues thus creating a new mechanism for ongoing discussions.

I spoke with my friends at US Pacific Fleet Command and they have numerous environmental and maritime issues they would be interested in furthering.

Matthew
