I have not heard anything further from [REDACTED] and likewise assume
you have not heard anything from him.

Accordingly it is my intention to go to Massillon, Ohio, sometime
next week or the first of the following week to arrange, if
possible, to bring [REDACTED] to Cincinnati and have him thoroughly
examined by you.

To that end, I would appreciate it if you would be kind enough to
advise me promptly what time the latter part of next week and
sometime during the following week it will be agreeable with you to
have me bring Williams to you for the examination.

Thanking you in advance for a prompt reply, I remain

Very truly yours,
