We're asking all our employees for
their thoughts as to what we can
do about lead and how we can control
this. Could we have your thoughts

Jack - Could we draw upon
your experience at W. 2. to help us
in determining how a man can absorb
lead and how we can control this
this form has been given to all
Chicago plant employees.

Jim. Could we draw from your
experience in the pigments shop to help
us in listing the ways a man may
absorb lead and how we may set up
controls. All employees at the Chicago
plant are quite forthright in the
area

Reed - This is a request made
made of all our people at Chicago to
help control blood leads.

Could you send your thoughts
as how one might ingest lead and
how we can control it

Do you use any sort of a check
list at W. I.
