

supplement this response in the event such documents should be found.

75. State what efforts your company has made from 1930 to 1972 to keep informed of legislation and programs adopted to reduce or eliminate the disease of asbestosis in those using asbestos products. If you do not keep in touch with legislation and programs adopted to reduce or eliminate the disease of asbestosis in those using asbestos products, please state why you do not do so.

Ans. Goodyear follows document retention policies which provide for the periodic and routine destruction of documents. Consequently, it has been unable to locate any documents which would enable it to answer this Interrogatory, but it will supplement this response in the event such documents should be found.

76. State the year that this defendant or any predecessor(s) was first advised of either threshold limit values or maximum allowable concentrations of both asbestos dust and total dust by the American Conference of Governmental Industrial Hygienists, and state the name of the employee/official of the company receiving such advice and attach copies of the instrument communicating such advice.

Ans. Goodyear follows document retention policies which provide for the periodic and routine destruction of documents. Consequently, it has been unable to locate any documents which would enable it to answer this Interrogatory, but it will supplement this response in the event such documents should be found.

77. Was such threshold limit or maximum allowable concentrations inquired about in the above interrogatory total dust or just asbestos dust?

Ans. See Answer to Interrogatory No. 76.

78. Were you or any of your agents, servants or employees aware of any of the articles described in Exhibit "A" prior to the year 1950?

Ans. Goodyear cannot respond to this Interrogatory as Exhibit "A" is not attached to these Interrogatories.
