Re: Blast Furnace Baghouse Stacks
El Paso Smelting Works

Gentlemen:

We are pleased to quote the total sum of $12,195.00 for insulation work on the above referenced project.

Our quotation is based on furnishing and installing insulation for six stacks as shown and specified on your drawing E-13237.

Applicable state and city taxes are included.

We understand the stacks will be placed horizontally on cribbing at least three feet off the ground to allow easy access for insulation. Our quotation is based on this understanding.

Thank you for the opportunity to quote on this project. We hope we may be of service to you.

Respectfully submitted,

WILLARD A. SELLE, INC.
