

1 all of those different types of tissues, specifically
2 interested to see how much asbestos is in the pleural
3 tissue where mesotheliomas begin and what type of
4 asbestos is it.

5 Q Now, I want to focus, Doctor, on the
6 pleura.

7 Have there been reports in the medical and
8 scientific literature about the types of fibers that
9 have been translocated to the pleura?

10 A There have. There have been about four
11 reports published in the scientific literature on that
12 subject.

13 Q Have any of those reports indicated the
14 presence of amosite fibers in the pleura?

15 A Yes.

16 Q Have they also indicated the presence of
17 chrysotile fibers in the pleura?

18 A Yes.

19 Q And tremolite?

20 A Yes.

21 Q Has there been any data in the medical and
