DOCUMENT DESCRIPTION: Letter to Dr. Vorwald from J.P. Woodard

September 29, 1950

Dr. Arthur J. Yarnall, Director
The Bureau of Entomology
Bureau of Entomology, New York

Dear Sir:

NOTED
NOV 1 1950

Thank you for your letter of September 24 telling us that the paper "Experimental Studies of Laboratory-bred Mosquitoes" has been accepted by the Editors of *Journal of Entomology and Sociological Medicine*, and that it will be published in the January issue of the *Journal*. It is particularly gratifying that you were able to get this paper in the *Journal* in one issue and I am sure that in the future, as well as the other countries who are so vitally interested in this work, will be very happy about this arrangement.

I shall appreciate your arranging to get a number of additional reprints for us when the paper is published.

Thank you, Sir, for your letter of September 24 telling us that the paper "Experimental Studies of Laboratory-bred Mosquitoes" has been accepted by the Editors of *Journal of Entomology and Sociological Medicine*, and that it will be published in the January issue of the *Journal*. It is particularly gratifying that you were able to get this paper in the *Journal* in one issue and I am sure that in the future, as well as the other countries who are so vitally interested in this work, will be very happy about this arrangement.

I shall appreciate your pressing on to us any word you get about the publication date, as mentioned in your letter.

With very best wishes,

Yours sincerely,

J. P. Ireland
