Dear Steve:

We've had various correspondence and conversation, over the last couple of years with your folks concerning turnaround time, and I realize there are some shipping problems that create some extended turnaround times.

You can still see though that there is room for improvement, and I would say that the turnaround time of 8 in the first week of 1979, certainly is a problem, and if it gets that bad, once and awhile, this is something that probably should be looked at.

Your help on this will be appreciated.

Best regards,

N A P A
