Dear Doctor McConnell:

It was a real pleasure to meet you recently and I wish to thank you for the kindness you extended to me. It was stimulating to visit with you as the work that you are doing is very fascinating to me. I was extremely impressed with the fine industrial hygiene laboratory that you maintain. It certainly affords a very capable service to the group that you serve.

I found Dr. Lanza waiting when I arrived at the Roosevelt and I explained to him that it was your fault in getting me interested in your department's activities. He was very gracious and did not seem to mind the wait.

Thanks again for the very interesting and pleasant visit. I certainly hope that we will meet again during the Congress meeting in mid February.

Sincerely yours,

J. F. McCahan

J. F. McCahan, M.D.
Assistant Secretary
