Alana:

Attached is the completed meeting request form. I very much appreciate your assistance with this request.

We recognize that things are very much in-flux regarding the coronavirus situation and fully appreciate the sensitivities associated with the issue. Needless to say, we can be flexible to account for current and/or future actions/restrictions associated with the coronavirus that may impact the timing of a potential meeting.

Thank you again for your help, and please feel free to give me a call if you would like to discuss.

Best,

Manning

Subject: Request to Meet w/ Administrator Wheeler - Thursday April 23, 2020

Alex:

I hope you are well.

I wanted to follow-up on earlier discussion. I am reaching out on behalf of the Coalition for Renewable Natural Gas (RNG Coalition), the trade association for the U.S. RNG industry. RNG constitutes more than 95% of the fuel that is used to meet the Renewable Fuel Standard's (RFS) cellulosic biofuel requirement.

On Thursday, April 23, 2020, a group of CEOs and senior executives from the RNG industry will be in Washington, DC. These industry leaders would appreciate the opportunity to meet with Administrator Wheeler about the D3/cellulosic portion of the RFS program. The industry appreciates the concrete steps EPA has taken to grow the cellulosic program and in turn, spur the rapid development of the U.S. RNG industry (attached is the statement issued by the RNG Coalition on the 2020 RVO). We would welcome the opportunity to visit with the Administrator about constructive ways to build on this progress in a manner consistent with the underlying policy objectives of the RFS program.

Sincere thanks in advance for the consideration of this request, and as always, please do not hesitate to let me know if I can provide you with any additional information.

Best,

Manning
