Dr. A. J. Lanza,
Metropolitan Life Insurance Company,
New York, N. Y.

Dear Dr. Lanza:

I thank you very much for your letter inclosing a copy of one of yours to Mr. Mitchell, of Mitchell and Horlbeck, Charleston, South Carolina.

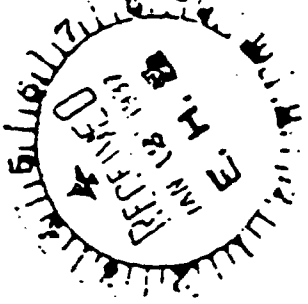

I assure you that we will get in touch with Mr. Mitchell should any of us go to Charleston in connection with this study. It is my opinion that we shall do so, since they have the most modern methods of dust control so far reported to us in astestos plants.

With kind regards, I remain

Yours sincerely,

(Signed) R. R. Sayers

Medical Officer in Charge
