RCM, mrv.

Some substitutes, e.g.
Refrasil, Kavalon, have been tried
with some success. This sounds
like yet another project for
JPS when he lands in El Paso, to
further limit asbestos
use. - JBR

Re: ASBESTOS USAGE - El Paso

Enclosed is the asbestos product usage for the last six months
for the plant, which does not include asbestos-impregnated pump packing
used in the majority of the plant pumps.
