

THE world of colors is yours to choose from in decorating your house, inside or out, with durable lead paint made of Dutch Boy white-lead. You get exactly the tint you want because your painter mixes and colors this paint specially for each job. . . .

OUR booklet, "Decorating the Home," will show you ways to employ effectively the colors you select. Write for it and get also a decorator's data form to use if you desire the aid of our Department of Decoration on any decorating problem.
