CC: Mr. A. L. Meyer - Ardmore THIS COPY FOR Re: Contract Quantities
Mr. R. Smith - Ardmore
Mr. O. F. Grieve - Paoli
Mr. E. B. Hollingsworth - Paoli
Mr. J. V. Mannino - Ardmore

I notice the June report for shipments to J-M accounts indicate 2,378,159 feet. Remember that the contract maximum in any one month is 10% of the yearly total and as such is 2,400,000 feet.

Please be sure that as the tempo increases and the demand for products grows greater that you would advise us in the General Sales Department in Ardmore if you approach the 2,400,000 feet for J-M before the end of the month so that we can take care of the legal technicalities and advise them relative to shipments in excess of the contract figures.

Incidently, I see your Form B 908 262 still shows Mr. E. A. Dennison. This was supposed to have been changed to Mr. J. A. Marian.
