**Re: Violation for Failure to Monitor and Report
Blyn - 7 Cedars Consolidated, PWS ID 105300083**

Dear Mr. Jones:

The EPA did not receive sample results for the regulated drinking water contaminants in the table below as required under the National Primary Drinking Water Regulations (NPDWR). As a result, Blyn - 7 Cedars Consolidated is in violation of the NPDWRs.

Violation	Compliance Period	Analyte	Citation
Monitoring and Reporting	1/1/2020-12/31/2022	Di(2-Ethylhexyl) Phthalate	40 CFR §141.24

A result for phthalate was received by EPA, so the violation is now considered returned to compliance. There is no current action to take.

This letter serves as initial notification of non-compliance under the Safe Drinking Water Act for the regulation and time period cited. EPA supports compliance assistance and encourages early action to return to compliance. Issues not addressed in a timely manner may be referred to enforcement. Prior to an enforcement action for the cited violation(s), EPA Region 10 will offer government-to-government consultation, in accordance with the [EPA Policy on Consultation and Coordination with Indian Tribes](#).

Please contact the Groundwater and Drinking Water Section at (206) 553-6253 or R10TribalDW@epa.gov to determine next steps or if you have questions.

Sincerely,

Karen Burgess, Manager
Groundwater and Drinking Water Section
