FROM: G. Kent Hatfield, Ph.D.

DATE: October 8, 1980

SUBJECT: Vinyl Chloride
Additional Literature References Concerning Worker Health

The enclosed references address the possible safety and hazards of vinyl chloride in the workplace and surrounding communities. Please incorporate these additional references, for worker review, in the package of scientific papers entitled "Reproductive Effects of Vinyl Chloride" which we forwarded to you July 17, 1980. An addition to the reference page contained in the original submission, located at the beginning of that folder, has also been included.
