

FILE NAME: National Safety Council (NSC)

DATE: 1990 Mar 23

DOC#: NSC102

DOCUMENT DESCRIPTION: Potomac Electric Power Company NSC Membership
Renewal

Memo

TO: Mr. W. T. Torgerson
FROM: S. Weisz
SUBJECT: National Safety Council Membership Renewal
DATE: March 23, 1990

Attached please find a 1990 membership renewal notice from the National Safety Council. PEPCO has been a member of this key safety organization since 1936. Corporate Safety recommends that we maintain our membership. Continued membership includes the following basic benefits:

- 25% discount on all safety and health related products and educational materials developed and marketed by the Council.
- Safety and health related newsletters and Magazine subscriptions are included in the membership. This information serves to keep employees with safety responsibility current on important developments in technology, regulations, protective equipment, etc.
- Safety and health related product catalogs, directories and motivational posters are also included in the membership.
- 25% discount on all safety and health training courses offered by the Council. The majority of employees working in Corporate or Area safety positions have completed one or more training courses sponsored by the Council.

Please approve payment of the attached renewal notice so that our National Safety Council membership may continue.

If you have any questions concerning the above presented recommendation, please call me on extension 2358.
