Re: Bag Markings - Caution Notice

Dear Mr. Rabon:

This is to advise that future shipments of our asbestos will bear the following notice printed on each bag:

CAUTION

"This bag contains chrysotile asbestos fibre. Persons exposed to this material should use adequate protective devices as inhalation of this material over long periods may be harmful."

This practice is being initiated now. However, present inventories will be disposed of before the new markings appear on every bag.

We are advising your customers whenever the invoicing is done by us.

Yours very truly,
