DEEPWATER PLANT

INTER-OFFICE
CORRESPONDENCE

PENNS GROVE, N. J.

August 16, 1932

Memorandum: Mr. A. E. Nittnacht

Furthering our report to you of August 8, in connection to the accident to the child at Penns Grove with the result of contact with ETHYL Fluid, we have today received advice from Dr. Seuel that examination was made last night and that the case has been dismissed, as the child has suffered no ill effects.

This will complete our report.
