Subject: Minutes from Tarkett Inc. Meeting in New York on
January 24-25, 1982

Regarding asbestos, you have written "The company (Tarkett Inc.) is by now almost completely out of asbestos production. Only in the Whitehall factory some production still goes on. It is expected to have ended by March 1982".

This refers to our own products but not to the deliveries of asbestos-felt to Mannington.

Best regards.
