Make this test

Finish one-half of a board with the best spar varnish you have ever used. Finish the other half with Hueter Exterior Spar Varnish.

Compare the two finishes after 6 months, again at 12 months.

It won't take you long to decide that thereafter you will use Hueter's.

Gives an elastic, durable, glossy finish that stands weather. Can be rubbed if desired.

There is a special Hueter Varnish for every purpose. Let us help you select just the kind you should use. We will gladly supply free samples for comparative tests.

Hueter Varnish

Fully guaranteed like all the B-H Paints and Varnishes. The manufacturers and ourselves stand behind every can that is sold, if directions are followed.
