To: MANAGEMENT CONTACTS OF COMPANIES SPONSORING THE VINYL  
CHLORIDE RESEARCH PROGRAM  
TECHNICAL TASK GROUP ON VINYL CHLORIDE RESEARCH

Subject: NIOSH Conference on Vinyl Chloride, in  
Cleveland, Ohio, on February 12, 1974

Gentlemen:

MCA has been asked by Mr. Vernon Rose to notify the vinyl chloride/polyvinyl chloride industry of NIOSH's plans to hold a briefing session for industry and labor to inform them of NIOSH's plans and programs with respect to the vinyl chloride problem.

The meeting will convene at 10:00 AM in Pickwick Room B, of the Sheraton-Hopkins Hotel, at Cleveland's Hopkins Airport, on Tuesday, February 12. No pre-registration is required.

You are urged to disseminate this notice of meeting among any of your industrial associates who may have a direct interest in the subject.

It has been suggested that members of the Technical Task Group on Vinyl Chloride Research from companies considering appearance at the February 15 OSHA hearing might wish to convene at 2:30 PM on Monday afternoon, the 11th, in my hotel room at the Sheraton-Hopkins, to review the MCA statement and to discuss other aspects of industry testimony. I will make myself available both that afternoon and evening.

Sincerely,

Kenneth D. Johnson, Ph.D.  
Secretary, Technical Task Group on  
Vinyl Chloride Research
