Jim Kiste

February 10, 1977

Jim:

Although this is Utica, NY I called it to your attention because it's a Cotter dealer and more of this may be developing. With that thought in mind, I'm also attaching copy of my letter dated February 1 to the insurance company which provides when the rundown on the items now being shipped ASBESTOS FREE versus those on which we will be phasing into NON-ASBESTOS and are hopeful to complete transition by April 1.
