

Reynolds To Build Plant at La Quinta

REYNOLDS

To Cost \$80 Million
Will Be Ready by '52

Reynolds Metals Co. of Richmond, Va., will build an \$80 million aluminum reduction plant at La Quinta, Calif., near Gregory, spokesman for Richard A. Gregory, Jr., president of the company, announced here today. The plant will have production capacity of 150 million pounds of aluminum pig annually.

Gregory said the plant will be built on a 100-acre site near Gregory, Calif., and will be completed by 1952.

Comments by the company's spokesman said the plant will be built on a 100-acre site near Gregory, Calif., and will be completed by 1952.
