MUST SERVE THREE YEARS FOR ATTACK

Charles E. Tinker, convicted in a prior prison on the charge of murder, arrived with a bloody weapon and was apprehended three days after the San Diego robbery. He had been traveling with a companion and was charged with the murder of one of the three. Tinker was charged to run a parole farm.

Tinker attacked three companions July 21st. Each time, wounding them in a frenzy of rage, the victim threw

YOUR STUCCO HOUSE NEED PAINT? THEN REMEMBER-

**BOTH
ENDS
of the paint brush
are important**

IF you would beautify your stucco house—weatherproof and moisture-proof it, completely—look to both ends of the paint brush. Put a master painter on the handle end to apply the paint as only he can with his skill and experience. Let his partner, pure lead paint, be on the other end to provide a lasting film.

You'll find this combination wherever you find a skilled painter with a long-standing reputation for fine, honest, conscientious work. The master painter knows what is best for both exterior and interior painting. And today he uses pure lead paint, made with Dutch Boy white.

lead, for stucco houses
just as he does for frame
houses.

With Dutch Boy white lead your painter can give you the exterior finish you want . . . eggshell . . . or flat . . . or any color you like . . . because he mixes this paint for every job.

For full information about the use of pure lead paint on stucco, write us. Request also our new booklet, "The House We Live In." This contains valuable help in selecting colors for interior and exterior painting.
