But, I need your help to hit our goal!

Hupp,

April has been a busy month for my campaign.

I've been meeting with voters across the 1st District, building support, and gaining momentum. Our campaign has grown strong, but we need to keep our foot on the gas.

April is drawing to a close, and I'm still about 50 online donors short of our monthly goal. Can I count on you to chip in \$10, \$15 or \$25 to ensure we close strong, Hupp?

The outpouring of support I've received thus far has been overwhelming, and I want you to know that I'm working hard every single day to win votes so that I can be a voice for our shared values in Congress.

I appreciate you standing with me.

Regards,

Kevin
