show -- let me back up.

You put up a board there and say these studies, they have done research and these numbers of people have mesotheliomas not caused by asbestos; is that correct?

A The percentage of mesothelioma cases not related to asbestos -- occupational asbestos exposure --

Q This is the chart, correct?

A Yes, sir.

Q Are you saying --

THE COURT: Why don't you take a seat up here where the candy jar is, Mr. Ignatowski?

MR. IGNATOWSKI: I will be glad to hold it.

(Whereupon, laughter ensued.)

BY MR. HOFFMAN:

Q Are you saying, Doctor, these people went through and looked at every case of mesothelioma and decided that the cases were not related to asbestos, or are you saying they looked at the cases and said they couldn't figure it out, they couldn't find an
