To: All Members of the Lead Health and Safety Committee

Re: "Facts About Lead and the Atmosphere"

We are attaching for you a copy of the above bulletin which is just off the press and would appreciate very much your comments and any suggestions you may care to make regarding its distribution. We will, of course, hope to make the most effective use of the bulletin and suggest that you keep this in mind when sending to us your lists of those to whom we should send it. Of course, if you wish extra copies for your own use, please let us know.

Very truly yours,

Don G. Fowler
